

Priority Haul Out Agreement

Dear Potential Priority Haul Out Client,

With the steep increase in severe weather over recent years, this new GLM exclusive service has been created to offer our select client base peace of mind during an impending storm event.

Space is limited for the program, reservations are confirmed on a first come, first serve basis. All payments must be received by **April 15, 2017**. Clients who enroll in the priority haul out program are in third priority position behind Concierge and Valet clients to be removed from the water in the event of severe weather. Joining the priority haul out list guarantees clients a maximum of one (1) storm haul out per Summer Hurricane month for June, July, and August. There are no carry-overs, refunds, substitutions, exchanges or credits available. GLM Priority Haul Out service eliminates your need to get on a storm haul out list prior to or during a severe weather event. Simply call or email to confirm that you prefer the boat to be out during a wind or storm event if you deem it necessary. Whether or not you call, your information will be kept on our priority list and in the event of severe or potentially damaging weather, we will contact you to haul out your boat.
